29,500 SHEETS OF PAPER

Yes that is the number of pages assembled by seven people not long ago while working on the nomenclature list. The facilities of the Polk County Junior College was used along with the help of Prof. and Mrs. Paul White, Mr. & Mrs. Walter Baum, Mr. & Mrs. Lee Trainor, and Mr. James E. Monroe. Perhaps we should have said eight people. Mrs. James E. Monroe, while not actually aseembling papers, perhaps had the most important job of all. She stayed home and cooked dinner for all the workers. If it had not been for Chef Evelyn they all would have been hungry nigh onto starving. Thanks to all of the workers. Would have been an impossible job without this help.

If you have not received your copy of the new list there is a very good reason for same. The lists were only mailed to officers, chapter presidents and those who have paid their coming year's dues. The mailing list is made up from the Treasurer's reports to the Executive Secretary. There will be a short time lag between the time you pay your chapter treasurer and his mailing the report to Mr. D. U. Donaldson and he
